Dear Helga,

I am glad to say that in 2010 we had one of the most successful camps in many years. Habonim Dror Camp is a massive project for us, and without the support from organisations such as yours, the camp's success would not have been possible.

We have always known that education paired with action always manages to go the extra mile with the children that we educate. With your help we were able to pair environmental education with a morning of tree planting! I am sure the children all took a lot from this experience and will be around for many years to come with the ability to watch their trees grow.

The success of our camp is due, in no small part, to the services you offered us, particularly on such short notice. I hope we will be able to maintain a relationship in the future!

Yours sincerely,

Bianca Sossen
