

September 2011

Hi Carl and Helga,

The beautiful trees you donated to the Delta Primary make-over, were finally planted yesterday. Greenpop brought through an additional 20 trees and spent the day at the school planting them, with 20 Delta kids.

Lauren putting them into teams

Demonstrating how to loosen the roots

The first tree, almost planted

Lauren assisted with collecting your 10 trees from my house

A very proud team of kids

Thanks again for your very generous donation of trees.

Best Wishes,
