

05 September 2012

Dear Elize & Carl,

On behalf of Reliance Compost a HUGE THANK YOU for your support with the sponsoring of trees in association with Miss Earth SA's tree plantings at their various chosen schools, we really appreciate it so much.

Hope to work with you again in the future!

Have a lovely spring day!

Regards  
Mieke

# Thank you...

FOR CELEBRATING 10 YEARS OF ENVIRONMENTAL ADVOCACY WITH US

I would like to take this opportunity to personally thank you for your support, contribution and involvement in the Celebration of our 10 Years of Environmental Advocacy. After many months of preparation and hard work the 2012 winners and ambassadors have been named. Following months of activities, projects and many long hours, finalists were put through a series of intense judging sessions and Johannesburg beauty, Tamerin Jardine, won the hearts of the judges and the public at large. Tamerin will go on to represent SA at the International event later this year.

Without the support of sponsors, organisations, individuals and the media this event would not have been the incredible success that it was. For this we thank you, your amazing sponsorship and partnership has allowed us to grow and reach a place that we never thought possible. Our work and school programmes have developed into special and unique initiatives that we continue to look after and maintain. The winners of this year's event will be actively involved in environmental projects and creating awareness and highlighting the importance of conservation and preservation of our natural heritage. A life changing year lies ahead for each of these young women.

We are very excited for the new and dynamic partnerships, projects and innovative plans that lie ahead, should you require any additional information or further details on the winner's diary or current projects please do not hesitate to contact us at anytime.
