Subject: IFLA Conference - Display Terrace

Dear Carl

A very big, albeit belated, 'thank-you' for your very, very generous sponsorship of trees to our display terrace - a stop start affair of actually having a display terrace left things to the last minute but scramble we did and as soon as your trees arrived on the terrace I knew we had a winner.

I have attached a few pics of the terrace with your lovely podocarpus looking so at home - City should have kept them there - and making such a difference. Also a few from the Parade and a couple of other exhibition rooms.

Again, thank you so much!

Regards

Megan
