Attention: Mr Bruce Stewart

Dear Sir

DONATION OF TREES

It is with great pleasure and gratitude that the Wolseley Water Users Association would like to thank JUST TREES for their donation of 110 Breederiver Yellowwoods (*Podocarpus elongates*). These trees will directly contribute to our latest initiative to rehabilitate the upper reaches of the Breederiver through active alien clearing and replanting of river riparian trees/shrubs along the banks. Since April 2012 this initiative in partnership with the Western Cape Department of Agriculture and the Department of Environmental Affairs & Development Planning has created more than 3 500 person days in job opportunities. Attached a map indicating the positions where the trees that were donated by JUST TREES were planted.

If any further information is required please contact me or for any further technical detail regarding the project please contact the representative of the Western Cape Department of Agriculture, Mr. Rudolph Roscher at 0836751315.

Faithfully yours

Douglas van Niekerk
